

Vultures

John Mayer

Some of us, We're hardly ever here
The rest of us, we're born to disappear
How do I stop myself from
Being just a number How will I hold my head
To keep from going under
Down to the wire
I wanted water but
I'll walk through the fire If this is what it takes
To take me even higher
Then I'll come through
Like I do
When the world keeps
Testing me, testing me, testing me
How did they find me here
What do they want from me
All of these vultures hiding Right outside my door
I hear them whisperin
They're tryin' to ride it out
They've never gone this long Without a kill before
Down to the wire
I wanted water but
I'll walk through the fire
If this is what it takes To take me even higher Then I'll come through
Like I do
When the world keeps
Testing me, testing me, testing me
(solo)
Wheels up
I got to leave this evening
Can't seem to shake these vultures
Off of my trail
Powers is made, by power being taken
I keep on running
To protect my situation
Down to the wire
I wanted water but
I'll walk through the fire
If this is what it takes
To take me even higher
Then I'll come through
Like I do
When the world keeps

Testing me, testing me, testing

Ooooooooooooo

Ooooooooooooo

Ooooooooooooo

Ooooooooooooo

Whatcha gonna do about it

Whatcha gonna do about it

Whatcha gonna do 'bout it

Don't give up, give up

Don't give up, give up, give up

Don't give up, give up

Don't give up, give up, give up
