

WiFi

BRELAND

[Intro]

Oh, yeah
Yeah, yeah
Yeah, yeah, yeah

[Chorus]

Said some things that we can't take back
Your heart's still home, ?don't?need no map
I?walk out, we know how that?works (That works)
You shut down and now we're past words (Past words)
WiFi

[Verse 1]

You don't even wanna talk to me
Doing things, but it's not with me
Seen the dude that you been hanging 'round
He be looking like the opps to me
Why you always gotta start with me?
Trying angles, isosceles
Turn it all into an episode
Baby, this ain't Dawson's Creek

[Pre-Chorus]

I know I could've done better
Time move too fast, it don't let up
I wish I found a way to let you go
Ooh, 'cause we

[Chorus]

Said some things that we can't take back
Your heart's still home, don't need no map
I walk out, we know how that works (That works)
You shut down and now we're past words (Past words)
WiFi (Ooh)
WiFi (Ooh)
WiFi

[Verse 2]

You know the vibes way better back at my spot
You used to have me callin' sick, taking time off

I see you posting, tryna show me just what I lost
After our ups and downs, I guess this where the ride stops

[Pre-Chorus]

I know I could've done better
Time move too fast, it don't let up
I wish I found a way to let you go
Ooh, 'cause we

[Chorus]

Said some things that we can't take back
Your heart's still home, don't need no map
I walk out, we know how that works (Oh, that works)
You shut down and now we're past words (Past words)
WiFi (WiFi, ooh)
Oh, WiFi (Ooh)
WiFi, WiFi
Ooh, WiFi
Ooh
