

Spark the Fire

Gwen Stefani

Coming down, oh I had a
Blast
But you know what they say, the high will never
Last
But I believe that they all got it wrong
So sprinkle some more love, right here we we
Belong Who got the lighter?
Let's spark the fire
Who got the lighter?
Let's spark the fire (say what?)
Who got the lighter?
Let's spark the fire
Who got the lighter?
Let's spark the fire (here we go)
O.M.G, O.M.G, I'm back again
Original pilgrim is what I pretend
[?] no I don't pretend
Know what it's like when you look up and cringe Let's lift them up even high as can be
Finally remembering what is me
That is what happens when I get with PHang it up my cloud (Say what?)
Hang it up my star (Say what?)
Stay above the crowd (Say what?)
Or make your way back down Hang it up my cloud (Say what?)
Hang it up my star (Say what?)
Stay above the crowd (Say what?)
Or make your way back down
Who got the lighter?
Let's spark the fire
Who got the lighter?
Let's spark the fire (say what?)
Who got the lighter?
Let's spark the fire
Who got the lighter?
Let's spark the fire (here we go)
