

# Not That Deep

## Cal Scruby

They take everything way too serious

Not that it matters

I got the recipe, cook it up

Here comes the cure, straight to the vein

Like vaccination, I'm lackin' patience

I'm more like Morpheus, hack the Matrix

Red pill four minute activation

This might hurt just a little bit

Just a litte pinch that's all

Making sure you not dreaming

You got a lot of nerve

Sayin' this what I deserve

What you acting like you don't got demons

I inhale so I don't stop breathing

Tryin' to stay afloat with a boat stop leaking

My shit like when the liquors all freezin

Yo shit like when the chicken not seasoned

You not hot boy, I know you bought Bots

Chop Chop make it to the top spot

Justa post a pic in your rented drop top

While I smoke a double Dutch and I sip a hop Scotch

Oof

That's neat

My life's been a mess since last week

Sometimes my heart too heavy

And I think I'ma sink

When it's just not that deep

No it's not that deep

If it's not six feet it's not that deep

If it's not six feet it's not that deep

You lucky as fuck it's all random

Young Jon Hamm mad man show handsome

Could it did the bad boy act throw tantrums

Little kids nap big bag no ransom

What a coincidence

What are the chances

You too insignificant

You won't understand this

I tap it down the rabbit hole and went on this tangent

Radical thoughts n-dimensional expansion

Big Bang boom make room for the young man

I'm Duke Nukem with bazookas and a gun ban

Smokin' like a hooker when it's done

I pass like Nash with the sons

Aw look who on the run

I'm Mark Cuban

Part Shark part human

Tried hard but could not harpoon him

AR's drawn like cops cartoonin'

What you gonna do when they all sharp shootin'

Fuck it

Start lootin'

Protest like smart students

Stop talkin' and start doin'

Put your heart into it

No it's not that deep

If it's not six feet it's not that deep

If it's not six feet it's not that deep
