

# Best of Me

Jordan Feliz

I said goodbye to my chains  
When I said hello to Your perfect love  
I turned my head from my shame  
When I looked upon the face of love Givin' me a reason  
Givin' life a meaning  
Givin' out hope, that's what You do  
All I ever needed  
All I ever wanted  
All that I seek is found in You  
You got my heart flyin' up in the clouds  
Lifting me up high above my doubts  
Living in Your presence, now I can see  
Only You bring out the best of me  
The best of me  
The best of  
The best of me  
The best of You are the fire in my life  
That makes me stronger than I am on my own  
You are the peace that I find  
The hand that holds and always leads me home Givin' me a reason  
Givin' life a meaning  
Givin' out hope, that's what You do  
All I ever needed  
All I ever wanted  
All that I seek is found in You  
You got my heart flyin' up in the clouds  
Lifting me up high above my doubts  
Living in Your presence, now I can see  
Only You bring out the best of me  
The best of me  
The best of  
The best of me  
The best of Your Love inspires  
Takes me higher  
In You I find the best of me  
You make me stronger  
I'm a fighter  
In You I find the best of me You got my heart flyin' up in the clouds  
Lifting me up high above my doubts  
Living in Your presence, now I can see  
Only You bring out the best of me  
The best of me

The best of  
The best of me  
The best of Your Love inspires  
Takes me higher  
In You I find the best of me  
You make me stronger  
I'm a fighter  
In You I find the best of me
