

Mercedes

Toosii

[Intro]

She wan' be with a nigga like me just 'cause I'm fly, uh
She wan' be?with?a nigga like?me 'cause I'm that guy, uh,?ayy

[Chorus]

My new bitch named Mercedes
She wan' love me, but I think that she crazy
It's like every single place I go, she with me daily
She say nobody wan' cuff her or love her, they just wan' fuck her
Shit, I wanna do the same, so she hatin'

[Verse 1]

Okay, a couple months later, shawty type cool
They like, "Who the fuck is she with this fly ass dude?"
I used to pick her up from school in that 2019, yeah
I never thought that we'd be a thing
She said her mama gettin' sick, she gotta chase a bag
She independent, but'd give me everything she had
So you know what I did, I had to go up in that stash
White tee, dope boy, got it from a paper bag
She ain't really with all that flodgin' and all that cappin'
Her main goal in life is to be an actress

So whatever she need from me, I'ma make it happen

I'ma blow a bag on that baby, take her to Saks Fifth

Yeah, Mercedes a lil' petite thing

She got that love that a G need

I'm so in love with what she bring

They say, "She what he need"

I ain't give a fuck, that's my sweet thing

Still'll check a nigga, fuck what he bang

[Chorus]

My new bitch named Mercedes

She wan' love me, but I think that she crazy

It's like every single place I go, she with me daily

She say nobody wan' cuff her or love her, they just wan' fuck her

Shit, I wanna do the same, so she hatin'

My new bitch named Mercedes

She wan' love me, but I think that she crazy

It's like every single place I go, she with me daily

She say nobody wan' cuff her or love her, they just wan' fuck her

Shit, I wanna do the same, so she hatin'

[Verse 2]

Couple months later, Mercedes dancin' at the club and shit

Wanna see her happy and I can see that she fuck with it

Street nigga, slime mentality, I feel like fuck the bitch

Promise to God you ain't gon' catch me with no other bitch
She doin' drugs, she poppin' pills, she know no other way
Doctor came to her, said that her mama got thirty days
She still in the club every night, she tryna make a way
Put up two hundred, now they say they need a hundred K
She say she hurt, she just want love to stay
Told her I love her, that's the last thing that she heard me say
She say she hurt, she just want love to stay
Told her I love her, that's the last thing that she heard me say

[Chorus]

My new bitch named Mercedes
She wan' love me, but I think that she crazy
It's like every single place I go, she with me daily
She say nobody wan' cuff her or love her, they just wan' fuck her
Shit, I wanna do the same, so she hatin'
My new bitch named Mercedes
