

# You're As Sweet As Sugar On a Stick

**Barry Louis Polisar**

You're as sweet as sugar on a stick  
Licorice on a gum drop, lickety split  
When you smile the whole world opens right up  
When I get a little bit of you, I can't get enough

My heart starts pounding when I kiss you on the lips  
Like water down a drain, dropping drip by drip  
Whenever I am with you, I feel at home  
Gonna run to you like ice cream down a cone

When your hands in mine, I'm bounding 'round and 'round  
My hearts doin' cartwheels, upside down  
I'm singing so softly in a voice so sweet  
Standin' on my head with lightnin' in my feet

I'm jumping off the ground and sailin' round the sun  
Flying back to you like the river that runs  
Laughing and clapping and sitting by your side  
Bouncing up and down on a roller coaster ride
