

Numbers

FKA twigs

Was I just a... Bet?
Bet, bet, bet,
A bet, bet, bet, bet, bet Was I just a number to you?
Was I just a lonely girl to fly?
Tonight, I've got a question for you
Tonight do you want to live or die? Was I just a number to you?
Was I just a lonely girl to fly?
Tonight, I've got a question for you
Tonight do you want to live or die?
Was I just a...
Was I just a...
Was I just a...
Was I just a... Bet? Bet, bet(I love it when you just lick me)(Fear me now)
Why you gotta go and hurt me, babe?
Why you gotta go and make me cry?
I just wanted to see you
And i've got to clean the mees you made
I left your heart slow beating on the side Was I just a number to you?
Was I just a lonely girl to fly?
Tonight, I've got a question for you
Tonight you want to live or die?
Was I just a... number to you?
Was I just a... number to you?
Was I just a... Number?
Bet, bet, bet Was I just a...
