

# The Only Thing We Know

Bob Moses

If you won't leave me, then I won't go  
And if you can't see me, guess I'm a shadow  
If I say sorry, would you let go?  
It's the only thing we know

If you don't need me, say it ain't so  
And if you don't lead me, who will I follow?  
If I say sorry, would you come home?  
It's the only thing we know

If you won't leave me, then I won't go  
And if you don't lead me, who will I follow?  
If I say sorry, would you let go?  
It's the only thing we know

If you don't need me, say it ain't so  
And if you can't see me, guess I'm a shadow

If you won't leave me, then I won't go  
And if you can't see me, guess I'm a shadow  
If I say sorry, would you let go?  
It's the only thing we know

If you don't need me, say it ain't so  
And if you won't lead me, who will I follow?  
If I say sorry, would you come home?  
It's the only thing we know

If you won't leave me, then I won't go  
And if you don't lead me, who will I follow?  
If I say sorry, would you let go?  
It's the only thing we know

If you don't need me, say it ain't so  
And if you can't see me, guess I'm a shadow  
If I say sorry, would you come home?  
It's the only thing we know

If you won't leave me, then I won't go  
And if you can't see me, guess I'm a shadow

If I say sorry, would you let go?  
It's the only thing we know

If you don't need me, say it ain't so  
And if you won't lead me, who will I follow?  
If I say sorry, would you come home?  
It's the only thing we know

If you won't leave me, then I won't go  
And if you don't lead me, who will I follow?  
If I say sorry, would you let go?  
It's the only thing we know

If you don't need me, say it ain't so  
And if you can't see me, guess I'm a shadow
