

Cruel (feat. ZAYN)

Snakehips

Cop radio screaming
Noise and tears
Death on the TV
And then there's you
It's fucked, it's crazy
I can't concentrate
Just see your outline
MhmmBack where we left off
Watch you take your dress off
I've been by myself remembering you
Your body hurts me
Loopin' 'round like CCTV
In all this bitterness you stay so sweet
It's such a cruel world
Savin' all my love for you, girl
It's such a cruel world
Maybe I found somethin' good, girl
Some prick at the party
All scripts and boasts
A dead eyed actress girl
And then there's you
Venus in Converse
You put a spell on me
And you're lockin' up the bathroom door
For usBack where we left off
Watch you take your dress off
I've been by myself remembering you
Your body hurts me
Loopin' 'round like CCTV
In all this bitterness you stay so sweet
It's such a cruel worldSavin' all my love for you, girl
It's such a cruel world
Maybe I found somethin' good, girlWho do you love?Who do you love?
Who do you love?
Who do you love?
Just see your outline
Back where we left off
Help you take your dress off
I've been by myself remembering you
Your body hurts me
Loopin' 'round like CCTVIn all this bitterness you stay so sweet
It's such a cruel world

Savin' all my love for you, girl
It's such a cruel world
Maybe I found somethin' good, girl
Sunrise in Hollywood
We ain't slept for days
Perfect disaster
Me and you
