

# Trapped

## JUMEX

[Intro]

Well, this is my life, you know  
I'm stuck in this world with these people who don't understand shit  
It's just... there's no meaning to anything  
I'm stuck on this goddamn planet  
Please get me out of here[Pre-Chorus]  
I'm trapped and I can't get out  
Yeah, so might as well fucking get high  
Yeah, I'm trapped and I can't get out  
So might as well just die[Chorus]  
I'm trapped and I can't get out  
So might as well just fucking get high  
I'm trapped, I can't get out  
Yeah, so might as well just die  
I'm trapped, I can't get out  
So might as well just fucking get high  
I'm trapped, I can't get out  
Yeah, so might as well just die

[Verse]

Ayy, ayy, ayy, ayy  
Cobain crazy, feeling wavy  
Smoke with demons make me wavy  
Never wake up, world we hating  
Never wake up, world we hating  
Smokin' propane with the demons  
Purp in cup, that's a liter  
Going crazy, life's wavy  
Open cut with new Mercedes  
Favorite shit is isolating  
Favorite sip is isolating  
Favorite shit is isolating  
Favorite shit is isolating  
Favorite shit is isolating  
Favorite shit is isolating  
There is no way to escape  
Hating your mate, putting a gun to your face

[Chorus]

I'm trapped and I can't get out  
So might as well just fucking get high  
I'm trapped, I can't get out  
Yeah, so might as well just die  
I'm trapped, I can't get out

So might as well just fucking get high  
I'm trapped, I can't get out  
Yeah, so might as well just die[Outro]  
Ayy, ayy, ayy, ayy
