

# All That I'm Asking For

## Lifehouse

Gravity pulls and  
We fall from the clouds  
We prove to each other  
That we're both human now  
The time that we spent  
Trying to make sense  
Of it all  
All that I'm asking for  
Is that you need nothing more  
And nothing comes in between  
Our love and it's fragile, see  
All that I'm asking for  
You're all that I'm asking for  
Now we walk together  
Knowing where we've been  
Knowing mistakes are being mistaken again  
It's in the past tense  
There is no making sense of it now  
All that I'm asking for  
Is that you need nothing more  
And nothing comes in between  
Our love and it's fragile, see  
All that I'm asking for  
You're all that I'm asking for  
In the still of your hands  
Anything can happen now  
With every beat of my heart  
Love speaks in silence  
In the still of your hands  
Anything is possible  
With every beat of my heart  
The time that we spent  
Trying to make sense, of it all  
All that I'm asking for  
Is that you need nothing more  
And nothing comes in between  
Our love and it's fragile, see  
All I'm asking for  
Is that you need nothing more  
And nothing comes in between  
Our love and it's fragile, see  
All that I'm asking for  
You're all that I'm asking for
