

# Me Vs Me

## Moneybagg Yo

Turn me up YC (Turn me up YC, turn me up YC)  
GoI ain't ever ran from a nigga (No I ain't never, ever)  
If I did cut my legs off (Right now)  
I ain't ever been with the hoe talk, snitch talk, always talking 'bout his fault (No)  
Yeah I'm a stand up nigga, got my bands up nigga, you don't wanna see me pissed off (Real talk)  
Never tell a lie to a bitch dog (No)  
When it come to them, you gotta play it raw  
And I ain't never ever let the fuckery get to me (Why not?)  
Niggas ain't worth my energy (What you had to do?)  
Cut 'em off, make 'em feel it, I ain't dealin' with nothin' if it don't make sense to me (Never ever, ever)  
I'll never ever, ever go against my kind for some niggas on the other side (Never ever, ever)  
I'll never ever ever put a bitch 'fore the money, gotta get it when it come to mine  
Lately I feel like it's me versus me, don't see competition why would you compete? (Uh)  
Don't even gotta be woke, still gon' be up (How?)  
I make a bag in my sleep (Okay)  
Can't get the hood outta me, you know where I be (Where?)  
Still posted up like I lease (Now)  
Trust me them choppers gon' bang  
Cavity teeth, you better not think this shit sweet (Splatt)  
If the bitch bad put a stack in her rack (Go)  
I'm Dr Seuss, give me cat in the hat (Woah)  
Booty poke out and her stomach on snatch  
Way to pretty to be fucked from the back (Ugh)  
Count up some money then smoke me a plant  
This shit got me higher than drama rent (Up there)  
[?] a lil' bitch and she knowin' she that  
I said I was done, still doubled back  
If you a side bitch you can not question me, you did some foul shit, you threw a tech at me  
Cook it up right, they done gave me the recipe  
I'm in the Z06, police ain't catchin' me  
I'm still duckin' this bitch that's obsessed with me  
'Cause I'm the dope like the coke in the 70's  
Big Body double R truck, I got Bo with me  
Hog up the lane and they can't get close to me (Big bag)  
I ain't ever ran from a nigga (No I ain't never, ever)  
If I did cut my legs off (Right now)  
I ain't ever been with the hoe talk, snitch talk, always talking 'bout his fault (No)  
Yeah I'm a stand up nigga, got my bands up nigga, you don't wanna see me pissed off (Real talk)  
Never tell a lie to a bitch dog (No)

When it come to them, you gotta play it raw  
And I ain't never ever let the fuckery get to me (Why not?)  
Niggas ain't worth my energy (What you had to do?)

I'll never ever ever put a bitch 'fore the money, gotta get it when it come to mine  
Check the thermostat, I've been hot all summer (Hot)  
Try me you get whacked, make it hard for your momma  
Moneybagg Runtz in the pack, get a bundle  
Plaque and the sack, both of 'em doing numbers  
I ain't got a heart for a hoe, that's a big no (No go)  
No life worryin' about the next hoe (Why though?)  
Took back the keys to the Benzo  
All in her feelings, throwin' clothes out the window (Psycho)  
Let's take a AK, cut it in half and call it a Draco (Let's go)  
I'm back on my old ways, ridin' with that [?] fuego  
Life insurance on my chain (Your life)  
Reach for it, bust your brain (Night, night)  
Loose noodle, no lo mein (Take out)  
Going out the way I came (Same route) I ain't ever ran from a nigga (No I ain't never, ever)  
If I did cut my legs off (Right now)  
I ain't ever been with the hoe talk, snitch talk, always talking 'bout his fault (No)  
Yeah I'm a stand up nigga, got my bands up nigga, you don't wanna see me pissed off (Real  
talk)  
Never tell a lie to a bitch dog (No)  
When it come to them, you gotta play it raw  
And I ain't never ever let the fuckery get to me (Why not?)  
Niggas ain't worth my energy (What you had to do?)

ever, ever)  
I'll never ever, ever go against my kind for some niggas on the other side (Never ever, ever)  
I'll never ever ever put a bitch 'fore the money, gotta get it when it come to mine
