

# Down Home Boys

Cole Swindell

[Verse 1]

If there's a full moon hangin' high  
You can bet there's a jacked up four wheel drive  
Cruisin' with the crew with a beer on ice  
Lookin' for the girls that'll let their hair down  
Lead us on, get us thinkin' they might  
Share a little sugar on a Friday night  
Makin' midnight memories lightin' up the sky  
In the country side we turn it up loud

[Chorus]

Down here we keep the good times flowin'  
Red dirt flyin', and the radio goin'  
We got each other's back and everybody knows it  
Yeah, me and my down home boys  
Know how to show a town what's up  
We pass it around then fill it back up  
Ain't nobody gonna live this life up  
Like me and my down home boys

[Verse 2]

We're tighter than the tops we twist off  
When the sun goes down and the work day's gone  
Like somethin' straight out of a country song  
Raised up all farm tan tough  
With the scuffs all over our boots  
Little rough tangled up in our roots  
Yeah, we got a little soft side too  
When the girls get us all wrapped up

[Chorus]

Down here we keep the good times flowin'  
Red dirt flyin', and the radio goin'  
We got each other's back and everybody knows it  
Yeah, me and my down home boys  
Know how to show a town what's up  
We pass it around then fill it back up  
Ain't nobody gonna live this life up  
Like me and my down home boys

Down here we keep the good times flowin'  
Red dirt flyin', and the radio goin'  
We got each other's back and everybody knows it  
Yeah, me and my down home boys  
Know how to show a town what's up  
We pass it around then fill it back up  
Ain't nobody gonna live this life up  
(Yeah me and my down home boys)  
No, ain't nothing ever gonna come between us  
Me and my down home boys

[Outro]

Yeah

Yeah me and these down home boys  
(Yeah me and my down home boys)
