

# Earth to God

**John Rich**

Earth to God... come in, God...I know you're there hearing our prayers wherever you are  
We need you now, to send your love down  
Take away the pain in your holy name  
We ask this nowWe need your light, we need your love  
To heal the world you made  
And save us now in our darkest hour  
With your amazing grace  
Earth to God  
We're holding on, but not for long  
Can you pull us all close to the holy ghost  
And keep us strongWe need your light, we need your love  
To heal the world you made  
And save us now in our darkest hour  
With your amazing grace  
Earth to God...Earth to God... come in, God...  
We need your light, we need your love  
To heal the world you made  
And save us now in our darkest hour  
With your amazing grace  
Earth to God... come in, God...  
Earth to God... come in, God...
