

# Normal

AJR

[Verse 1]

That was my favorite song, don't listen much anymore  
My likeness isn't me, my likeness isn't at all, mm

[Chorus]

Is it normal to stand here and wish that I was back at home?  
Is it normal to tell her I can't be normal anymore?  
I don't know  
So maybe I should go back home

[Verse 2]

I made a party song, so I'm in all of the dorms  
I showed up once or twice, I think I'm missing the point, mm

[Chorus]

Is it normal to stand here, and wish that I was back at home?  
Is it normal to tell her I can't be normal anymore?  
I don't know  
So maybe I should go back home  
So maybe I should go back home  
Maybe I should go back home

[Outro]

My friends have all new friends, I'm scared that they like 'em more  
So I made a party song, now I'm in every door
