

# Still

## Brian McKnight

[Verse 1]

Funny when you stop and think  
Time goes fast and then you blink  
Nothing's ever like it was  
Girl we've got a special thing  
And all the happiness it brings  
Is more than enough

[Pre-Chorus]

I know it's hard to believe  
You're still the biggest part of me  
All I'm living for

[Chorus]

I still think about you  
I still dream about you  
I still want you and need you by my side  
I'm still mad about you  
All I ever wanted was you  
You're still the one  
You're still the one

[Verse 2]

It's hard to breathe when we're apart  
You're like sunshine in my heart  
I keep you here inside  
You've been everything to me  
You've been and always will be  
The apple of my eye

[Pre-Chorus]

And I know it's hard to believe  
You're still the biggest part of me  
All I'm living for

[Chorus]

I still think about you  
I still dream about you  
I still want you and need you by my side  
I'm still mad about you

All I ever wanted was you  
You're still the one  
You're still the one

[Bridge]

If you love me, look into my eyes  
And say you do  
I've been waitin' all my life for someone  
Just like you  
Baby after all we've been through  
Girl I'm still in love with you  
And I want you to know I do  
I do

[Chorus]

Still think about you  
Still dream about you  
Still want you, and need you by my side  
Still mad about you  
All I ever wanted was you  
You're still the one  
You're still the one
