

# Creepy Crawl

## Necro

Creepy crawling, in ya crib, we're comin'to kill  
Catch you while ya sleep, wake up to a gun in ya grill  
Doing Satan's business, tie you up, hang you, strangle you  
22cal. bang bang you - Mephisto with a pistol  
On methedrine crystal, give me all the money  
To me you're less than shit stool - Juxed 51 times  
Women screaming, blood everywhere bound and  
Gagged in fear you star, beg for ya life  
Break the gun handle on ya skull, take a jagged knife  
Then like an animal indulge in non-stop stabbing trife -  
Puncture pregnant bitch, rupture arteries  
My horrific cult of vultures - Butchering, no remorse  
Bludgeoning, slit ya throat, gushing like a flushed toilet  
Now ya hunched - My infamous psycho posse  
Tagging pig up on the door in blood  
You can't stop me from...

Stabbing and stabbing and stabbing and stabbing  
And stabbing and stabbing and stabbing and  
Stabbing and stabbing and stabbing and stabbing  
And stabbing and stab you to death! - (Until you die)  
- (My cult keeps) - (Viciously)

Face down on the bed, pillow case over ya head  
Lamp cord choked, leave everyone in the  
place  
Dead - Knife to ya chest, ya colon flexes slashing  
The word war in your solar plexus - We're piranhas  
Get you prepped for embalmers - ya pleading, bleeding  
Profusely in your pajamas - Attacking my prey like a  
Starving hawk - Jux ya buttocks with an ox and a  
Carving fork - Senseless crime, no motive, sacred deed -  
Shock the world, make'em stand up and take heed -  
Needle tracks on my arm, influenced by Beatles tracks  
Doing your feat  
I sac harm - Patty, do something witchy later -  
Helter Skelter in blood on the refrigerator - Exit, me and my  
Vicious accomplices hitch-hike back to the ranch, mission accomplished  
Stabbing and stabbing and stabbing and stabbing  
And stabbing and stabbing and stabbing and  
Stabbing and stabbing and stabbing and stabbing  
And stabbing and stab you to death! - (Until you die)  
(My cult keeps) - (Viciously)
