

DOA (feat. Joyner Lucas)

I Prevail

On our knees we pray
As we waste away
And we dig our grave
Dead on arrival I close my eyes and contemplate on why I choose to be great
I find myself tryin to escape from where I'm supposed to be safe
Or maybe I should pray like I'm supposed to be saved
Sometimes I feel like getting even but I choose to behave
I'm mentally locked in a prison and I need bail
But the internet will kill me quicker than the streets will
And if that shit doesn't kill me than the police will
Or maybe all the refills on the E pills or the lean will
I wish I was more flourished, I wish I had more courage
I feel like there's more purpose, or maybe it's all worth it
I wanna keep on learning, but I couldn't be more nervous
when I keep lookin for answers and I gotta keep on searchin
The tables keep on turnin
Tryin to call up to Jesus but the phone keep on ringin
I think I need more service, the calls seem more urgent
And all I see is more murders, the soldiers keep on servin
I wonder if it's all worth it, I wonder
On our knees we pray
As we waste away
And we dig our grave
Dead on arrival
In this mess we made
Fill our lungs with hate
Just to numb the pain
Dead on arrival, Dead on arrival, Dead on arrival I can't breathe
Got my head on the guillotine
Slipknot around my neck come and take a seat
Watch 'em bury me down til I'm six feet deep in the underground
Dead is the land of the free
Don't give just take every time you need
Don't give just take though it's killin me
Don't give just take every time you need
Don't give just take
On our knees we pray
As we waste away
And we dig our grave
Dead on arrival
In this mess we made
Fill our lungs with hate

Just to numb the pain
Dead on arrival, Dead on arrival, Dead on arrival I can't breathe
Am I not worth saving?
Am I not worth saving?
On our knees we pray
As we waste away
And we dig our grave
Dead on arrival
In this mess we made
Fill our lungs with hate
Just to numb the pain
Dead on arrival Yea
Dead on arrival, Dead on arrival
(Dead) (Dead) (Dead) (Dead)
