

I Luv U

Sofia Carson & R3HAB

[Verse 1]

You the type of guy to write a song about
You're laid back, nobody know what's on your mind
We been talking for a while now (We been talking for a while now)
And I've been falling for a while now
You say that everything with you is fine
Even though we're always hanging out
I get the feeling that you're not around, yeah

[Pre-Chorus]

We were always up to something
Now you're all in your head

[Chorus]

I love you
But I wish it wasn't true
'Cause I know you think of her
When I'm lying next to you
I love you
And I don't know what to do
'Cause you can't get over her
And I can't get over you

[Verse 2]

You the type of guy to tell your mom about
You're laid back, been running circles 'round my mind
I been falling for a while now
(I been falling, I been falling, I been falling)
But you been lying for a while now
You say that everything with you is fine
Even though we're always hanging out
I get the feeling that you're not around, yeah

[Pre-Chorus]

We were always up to something
Now you're all in your head

[Chorus]

I love you
But I wish it wasn't true
'Cause I know you think of her
When I'm lying next to you (Yeah)
I love you

And I don't know what to do (Don't know what to do)
'Cause you can't get over her
And I can't get over you (I can't get over you)

[Outro]
I love you
And I don't know what to do
'Cause you can't get over her
And I can't get over you
