

# Love Not Loving You

Foxes

(Ooh)  
(Ooh) I don't need you to call me to tell me I'm alright  
I don't need you to knock on my door in the dead of the night, no  
You were always giving me all of your insecurities  
How could you do it? You knew what you were doing to me And my body couldn't move with  
your hands on me  
Thought I had a way with words and I couldn't speak Now I'm gonna give it all up  
Gonna love, not being in love  
Say goodbye, bye, bye, babe  
(Ooh) You broke me out of a fever  
You make me feel like someone else  
(Ooh) You make me dance like I mean it  
Now I love, now I love, now I love not loving you  
(Ooh)  
Now I love, now I love  
Now I love not loving you  
(Ooh)  
Now I love, now I love  
Now I love not loving you When I wake in the morning from a lonely night  
Came to me in a dream, I guess I'm the love of my life  
I don't want you attention  
I don't need your affection, no  
So, baby, bye, bye, bye, babe  
(Ooh) You broke me out of a fever  
You make me feel like someone else  
(Ooh) You make me dance like I mean it  
Now I love, now I love, now I love not loving you  
(Loving you)  
(Ooh) You broke me out of a fever  
You make me feel like someone else  
(Ooh) You make me dance like I mean it  
Now I love, now I love not loving you Sad songs bring me back to life  
Lost my soul, thought I'd lost my mind You broke me out of a fever  
You make me feel like someone else  
You make me dance like I mean it  
Now I love, now I love, now I love not loving you (Ooh) You broke me out of a fever  
You make me feel like someone else  
(Ooh) You make me dance like I mean it  
Now I love, now I love, now I love not loving you  
(Ooh) You broke me out of a fever  
You make me feel like someone else  
(Ooh) You make me dance like I mean it

Now I love, now I love, now I love not loving you
