

# Wind It Up

Gwen Stefani

[Intro]

High on the hills with the lonely goatherd  
Lay-od-lay-od-lay-he-hoo  
He yodelled back with the girl and goatherd  
Lay-od-lay-od-low

[Chorus]

Wind it up  
Wind it up  
Wind it up  
Wind it up  
Yodellay, yodallay, yodel-low (Yeah)

[Verse 1]

This is the key that makes us wind up  
When the beat comes on, the girls all line up  
And the boys all look, but no, they can't touch  
But the girls want to know why boys like us so much  
They like way we dance, they like the way we work  
They like the way that L.A.M.B. is going 'cross my shirt  
They like the way my pants, it compliments my shape (She's crazy, right?)  
They like the way we react every time we hear the...

[Pre-Chorus]

Every time the bass bangs, realize it calls your name  
Let the beat wind you up, and don't stop 'til your time is up  
(Get in line now)

[Chorus]

Wind it up  
Wind it up (C'mon)  
Wind it up  
Yodelay, yodelay, yodal-low

[Verse 2]

You've got to let the beat get under your skin  
You've got to open up and let it all in  
But see, once it gets in, the popping begins  
Then you find out why all the boys stare  
See, they're trying to bite our style

Trying to study our approach  
They like the way we do it, so original  
I guess that they are slow, so they should leave the room  
This beat is for the clubs and cars that go

[Pre-Chorus]

Every time the bass bangs, realize it calls your name  
Let the beat wind you up, and don't stop 'til your time is up  
(Get in line now)

[Chorus]

Wind it up (Whenever you're ready)  
Wind it up  
Wind it up  
Wind it up  
Yodelay, yodelay, yodal-low

[Bridge]

(Uh-huh) this is your moment  
(Uh-huh) come on girl, you know you own it  
(Uh-huh) you know your key is still tick-tocking  
(Hell yeah) but you know they're watching  
Get it girl, get it, get it girl  
Get it girl, get it, get it girl  
To the front, to the side, to the back, but don't let him ride  
Keep going girl, it's your night  
Don't let him steal your light  
I know he thinks you're fine and stuff  
But does he know how to wind you up? (C'mon)

[Chorus]

Wind it up  
Wind it up  
Wind it up  
Wind it up  
Yodelay, yodelay, yodelay, hey!
