

# Megalovania

## Toby Fox

listen and hear a song the birds are singing  
sit down a while and watch the flowers blooming  
a pleasant breeze flows by leaving a trail of dust  
on days like these kids like you y'know y'know should be burning in hell in the darkest place  
you dirty brother killer you killed my brother  
and when he still believed in you you killed him  
and just giving up would be determination Just reset kid, let's forget all about this  
start a new route and make it true pacifist  
please don't start a new genocide route today  
i hate to see my friends perish over and over i call this song megalovania  
start a new route frisk i know you're not Chara  
if we're still best buddies let's go back to that  
and stacking like 30 hotdogs on your head  
please don't make me kill you now  
i would hate to kill my best buddy over and over  
i know you're still in there frisk let's just forget all of this just put down your knife kiddo
