

So Hot

Anabel England

[Verse 1]

It's so hot
I can barely breathe
Especially with you standin' next to me
I've tried to pretend
Yeah I've tried
Messages you keep sendin' me
Notes you keep leavin' places I can see it's cute
(Yeah it's cute)

[Pre-Chorus]

Let's go somewhere safe
Where I'll meet you underwater
Drown me in your sorrow
I'll meet you underwater
You lead and I will follow

[Chorus]

It's so hot
Tell me what you feel inside
Start the way you know it's right
A different kind of paradise

[Verse 2]

Driving back to see your face
Cause you don't have a car and I can't barely contain
What I feel (What I feel)
Touchin' my body quietly
Meetin' my eyes under the moon light
It's right (Yeah it's right)

[Pre-Chorus]

So let's go somewhere safe
Where I'll meet you underwater
Drown me in your sorrows
I'll meet you underwater
You lead and I will follow

[Chorus]

It's so hot
Tell me what you feel inside
Start the way you know it's right

A different kind of paradise

It's so hot

Tell me what you feel inside
Start the way you know it's right
A different kind of paradise
(So hot, so hot)

[Outro]

I feel the fire burnin' when you look at me that way
I think I'm done searching when you look at me that way
I feel the fire burnin' when you look at me that way
Finally I'm done searching when you look at me that way
(When you look at me that way
When you look at me that way)
