

Time

Chantal Kreviazuk

Time, where did you go?
Why did you leave me here alone?
Wait, don't go so fast
I'm missing the moments as they pass Now I've looked in the mirror and the world's getting
clearer
So wait for me this time I'm down,
I'm down on my knees
I'm begging for all your sympathy
But you, (I'm just an illusion) you don't seem to care (I wish that I could)
You humble people everywhere (I don't mean to hurt you)
Now I've looked in the mirror and the world's getting clearer
I'll take what you give me
Please know that I'm learning
So wait for me this time I should've known better
And I shouldn't have wasted those days
And afternoons and mornings
I threw them all away Now
This is my time
And I'm going to make this moment mine
(I shouldn't have wasted those days) I'll take what you give me
Please know that I'm learning
I've looked in the mirror
My world's getting clearer
So wait for me this time
This time, this time, this time Ohhh, this time
This time
This time
