

SELFISH

The Kid LAROI

I hope you know what you did to me
I'm grateful for what you did for me
You showed me that you ain't shit, and these bitches is dangerous
Now I do 'em just how you did to me
And I know you see the pain in my eyes, every secret a lie
Got a reason to cry 'fore I sleep at night
I need my peace of mind, I see you fine
But I'm far from that, so, now, I'ma be savage And you made it happen
And you made a habit
I get it now
I wonder what happened
I thought we would last
'Stead we turned into ashes
Burning and crashing
Why can't I get past it?
Why can't I get past?
And girl you changed up the best way
I just feel sorry for my next one
'Cause I'ma be selfish
I'm gon' be selfish
And no one can change my mind
No one can help me
Oh, I'm gon' be selfish
I'm gon' be selfish
And no one can change my mind
No one can help me
Oh, I'm gon' be bad, bad, bad
Because I just can't
Do this again
Don't wanna feel like this again
So she has to
Now I'm up in LA, I'm with a bitch from the Bay
I'm telling her that I love her, but my feelings are fake
Because I found another, and I'll tell her the same
Knowing that I don't mean a thing I say
Now I'ma be savage
But you made it happen
And you made a habit
I get it now
I wonder what happened
I thought we would last
'Stead we turned into ashes

Burning and crashing
Why can't I get past it?
Why can't I get past?
And girl you changed up the best way
I just feel sorry for my next one 'Cause I'ma be selfish
I'm gon' be selfish
And no one can change my mind
No one can help me
Oh, I'm gon' be selfish
I'm gon' be selfish
And no one can change my mind
No one can help me
Oh, I'm gon' be
