

# Love a Loser (feat. G-Eazy)

Cassie

[Verse 1: Cassie]

I'd rather lose a lover than to love a loser  
Everything you did, I wouldn't do it to you  
Got my vision clear so now I'm seeing through ya  
Writing you a letter, I'mma send it to ya  
I'd rather lose a lover than to love a loser  
Used to put it on ya like the Kama Sutra  
Ain't no looking back, I'm like the new Medusa  
Got you on a Sunday screaming Hallelujah [Chorus: Cassie]  
I would rather lose a lover than to love a loser  
Rather lose a lover than to love a loser  
I would rather lose a lover than to love a loser  
Rather lose a lover than to love a loser  
Think I'm under your spell  
Tell me is it me or the drugs, 'cause baby I can't tell (I can't tell)  
Tell me is it me or the drugs, 'cause baby I can't tell (I can't tell)  
Tell me is it me or the drugs, 'cause baby I can't tell (I can't tell)

[Verse 2: G-Eazy]

G, Uh

I'd rather lose a lover than to love a loser, yeah  
Damn, that was my baby, thought we had a future, aye  
Next to all these options I would always choose her  
But she's fragile, feels like every place I touch, I bruise her, aye  
Delicate, I fell back, I can't tell if it  
Really hope that hurts, she told me she been celibate  
Said nobody made her feel the way I did  
I felt a bit, a little bit conflicted  
I heard she had someone new she was messing with, fuck  
I can not tell, I think I'm under her spell  
I sent her flowers, and all she sent back was, "Hope all is well"  
She said that love don't cost a thing but got that pussy for sale  
That woman put me through hell, I fell in love, but oh well  
You know? Uh, oh well

[Bridge: Cassie & G-Eazy]

Smoke swirling from the cigarette (What can you do)  
Unless you didn't even see my silhouette (Uh)  
Unless... you're too numb to even feel it yet (Eazy)  
Confess, you second guessed just how real it gets (Yeah)  
Oh yeah [Chorus: Cassie]

I would rather lose a lover than to love a loser  
Rather lose a lover than to love a loser  
I would rather lose a lover than to love a loser

Rather lose a lover than to love a loser  
Think I'm under your spell  
Tell me is it me or the drugs, 'cause baby I can't tell (I can't tell)  
Tell me is it me or the drugs, 'cause baby I can't tell (I can't tell)  
Tell me is it me or the drugs, 'cause baby I can't tell (I can't tell)
