

Wish I Had a Boat

Tyler Farr

Wish I had a boat
Another hot day, another cold beer
Sweatin' my tail off, just got off my John Deere
My buddy called, said they're headin' down to party cove, yeah
Got my koozie, got my flip flops
Coleman cooler full of ice and twist tops
Truck hitch is ready but I ain't got nothing to tow
Wish I had boat I could float
Kick it on down the river
On the lake in the shade
It don't even matter
Long as that thing will float
Wish I had a boat
Sittin' on the bank, wishful drinkin'
Sun is burnin', my back is bakin'
Just tryin' to get one of my buddies to pick up the phone (come on, man)
Tiny bikinis, tan lines and tattoos
That damn sand bar is way too far to swim to
They're flocking to them Johnson's
Like bees to a honeycomb
Wish I had boat I could float
Kick it on down the river
On the lake in the shade
It don't even matter
Long as that thing will float
Wish I had a boat
Aww, yes I do I like my truck, my country house
Only thing that's missing right now
Wish I had a boat I could float
Kick it on down the river
On the lake in the shade
It don't even matter
Long as that thing will float
Wish I had boat I could float
Kick it on down the river
On the lake in the shade
It don't even matter
Long as that thing will float
Wish I had a boat
Wish I had a boat
Wish I had a boat
