

# Swayin'

Cole Swindell

[Verse 1]

Well, they call 'em the cheap seats  
Yeah right, fifty bucks a piece  
It's pretty steep for a guy like me  
But it's worth it baby just to see your eyes  
Light up tonight (light up tonight)  
We can barely even see the band  
Out here by the beer stand, oh but you don't care  
You take my hand, say you wanna dance and we're

[Chorus]

Swaying, and praying  
That the band don't ever stop playing  
Our favorite songs all night long  
Oh baby, don't it feel so right?  
Me rocking you side to side  
Just staying in these arms of mine  
Wrapped up tight just swaying

[Verse 2]

They say the show's sold out  
And it's one of their biggest crowds  
But all I see is two people right now  
Just me and you and all I wanna do  
Is never leave this place  
With these arms around your waist  
Take a little break for a kiss, on your lips  
Been waiting to long for a night like this just

[Chorus]

Swaying, and praying  
That the band don't ever stop playing  
Our favorite songs all night long  
Oh baby, don't it feel so right?  
Me rocking you side to side  
Just staying in these arms of mine  
Wrapped up tight just swaying

[Bridge]

I just wanna be close to you

And baby all I wanna do, is keep

[Chorus]

Swaying, and praying  
That the band don't ever stop playing  
Our favorite songs all night long  
Oh baby, don't it feel so right?  
Me rocking you side to side  
Just staying in these arms of mine  
Wrapped up tight just swaying

[Outro]

Oh girl, just praying  
You'll stay in these arms all night
