

Just Another Victim

Helmet & House of Pain

Victimized
But you're in bed
Stumble out
And run dead
If it ever paid
To self start
Enviroment
Make you smart
Chorus 1
Just another victim
Just another victim
Just another victim, kid
I heard it once
But not before
Begging off
And livin bored
My hands are tied
Webbed feet again
Fell in behind
And claim us deadChorus 1Cast this
In spite of truth
Give it up
I'll lie to you
Blame and flame this
Turnid stat (?)
Pointed finger
You fall apart
Chorus 1(Fade to HOP)You played yourself
Now you're pointin' fingers
How i've robbed and raped ya
Bruised and scraped ya
But those are just lies
Cause in your eyes
You've been victimized
It's how you size it up
You disguise it up
And try to make it look real
To cover up the low self esteem you feel
Introspection
And afterthought
Swimmin in guilt's your favorite sport
But now you're caught up

In the undertow,
You never knew a man
Could sink so low
But now you know
Cause you're John Doe
In a black bag
A tag on your toe
I built the House
I felt the Pain
You're victimized
But got no one to blameChorus 2
Just another victim
You're just another victim, kid
(2x)Holy diver
I'm a survivor
Feeling like DeNiro
In Taxi Driver
With Jodi Foster
And Harvy Keitel
Looks like I'm walkin'
Through a livin hell
So spark that owl
And I'll get lifted
Feelin the effects
Of what my spliff did
Cause I'm gifted
I read Sun Tzu
I bought a gun too
So you'll never come too
The weight of the world
Ridin' on my shoulders
Cause I'm a soldier
I thought I told yaChorus 2
(3x)Just another victim
