

The Truth (feat. Roisin & J-Live)

Handsome Boy Modeling School

Go ...
Go to the mountain if you must
Go to the burning bush
Happy would ease your troubled mind
How do the fade just stay behind?
I know you better than you think I do Don't worry babe. this is why i fell in love with you
The man in the looking glass
Is looking back at you at last
You can't hide from the truth
Because the truth is all there is
You can't hide from the truth
Because the truth is all there is
You can't hide from the truth
Because the truth is all there is
You can't hide
If happy times are too few and far between It's a pity dear, we can't erase the things we've seen
So disappear, vanish if you wish
Just go before you're swallowed up by bitterness
And the truth is you can't hide from the truth And the truth hurts because the truth is all there is
I realized some time ago that I would have to let you go
May not be true to see that you would return one day But in your present state you may as well
not be here at all
You wear a thin disguise, it's from yourself you hide
Just take a look at us, we are heading for a fall
Now presiding in this quarter: hip-hop
Justice, my rap forte
Judge, jury, bailing for prosecuting D.A.
Et ceteras, paraphas
My modus operende
It's carpe diem whether the fact or word is your way
Comprende?
The people versus, you ain't no Sensei
Teaching that style of word-play
We got the words they
Regardless of what your friends say
They're all disable
Striken from the record and deemed indimissable
And this long arm of the law grabs a mightier
Shoot dope lines first and ask questions later
The death sentence of this live litagator
Close the case tighter than the jaws of a 'gator
Stenonographer, that study law again, the jargon

Let your counselors 'a barking, in hopes of a plea bargain
But when you read back verbatim
What they're saying to persuade them
They realize exactly how i've played them
I come with the truth, whole truth and nothing but
'Cause the truth hurts just as much as fuckin' with lies will
I brew skill with free fills from now until
Plagerizing MC's get their flows distilled
Baby I don't die without you by my side
As long as you return into these arms that burnBaby I won't die just take a look inside
Into these eyes that burn, come to these arms that yearn
I won't die, if you leave me high
I won't die if you're not by my side
And the truth hurts because the truth is all there isAnd the truth hurts because the truth is all
there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth, cause the truth is all there is
You can't hide from the truth
Because the truth is all there is
You can't hide from the truth.
