

Dreamy Dragon (feat. Chief Keef)

Alison Wonderland

Oh, you want me to be good for you
But you gotta be bad for me
Complete these tasks for me
Can you catch this pass for me
And if the tires pop
Would you still ride for me
If everyone else was fake
Would you still have loyalty I had to get the royalties
Dodging them bumble bees
I gotta keep my eyes wide open
We livin' in a world of creeps
Fast car I gotta pipe down
Before I fuck around and wipe out
Here my love come right now
She's comin' down in a nightgown
I had to catch my breath
Jump on a boat and sail
Feelin' like Johnny Depp
Out I never will sell
You love me I can tell
And I can tell more than I can feel
Sorry I didn't mean to yell
Bang bang I had to catch my breath
I, I had to catch my breath
I, I had to catch my breath
I, I had to catch my breath
Oh, you say you live by canoga
I'm gettin' tipsy, I might come over
I'm gonna put my hands on you
Hands on you like my controller
And I can never sleep
That money be smelling like folgers
Pick you up in a six hunnid
You know it smell like dope
Don't worry about how I drive
Just know that I'm a pro
And I don't never get full
I'ma always want some more
And I thank God everyday
That my feet make it on the floor
And if Benjamin didn't die
You know he'd be callin' my phone I had to catch my breath

Jump on a boat and sail
Feelin' like Johnny Depp
Out I never will sell
You love me I can tell
And I can tell more than I can feel
Sorry I didn't mean to yell
Bang, bangI, I had to catch my breath
I, I had to catch my breath
I, I had to catch my breath
I, I had to catch my breathI, I had to catch my breath
I, I had to catch my breath
I, I had to catch my breath
I, I had to catch my breath
