

# All I Am (feat. Skip Marley)

## Zhavia Ward

[Verse 1: Zhavia Ward]

I ride with the open tie  
I run on the whole damn line  
I search every corner just to find you  
With me is where you reside  
Close my eyes, sweet like apple pie  
Feels just like home when I got with you

[Pre-Chorus: Zhavia Ward]

Whenever you can't take the pressure  
It can be whatever, I got you through it all  
When you hurtin', you know I feel it first  
It's a blessing and a curse, I still got you through it all, all, all, all

[Chorus: Zhavia Ward & Skip Marley]

Give you everything I am, my goals, my plans  
For you I'd risk it all, oh  
Give you everything I am, just take my hand  
With you I have it all  
Give you all I have, give you all I-  
Give you all of me (All I have, yeah), give you all I-

[Verse 2: Skip Marley]

So mi say, undeniable  
Girl your love is undescrivable, yeah  
Greatest thing and I'ma lie for you  
So I'll never be unreliable  
Said, you can lean on me, everything on me  
'Cause where you are is where mi wan' be, 'cause (Yeah, yeah)  
You and me is all I have (You and-)

[Pre-Chorus: Zhavia Ward]

Whenever you can't take the pressure  
It can be whatever, I got you through it all  
When you hurtin' you know I feel it first  
It's a blessing and a curse, I still got you through it all, all, all, all

[Chorus: Zhavia Ward & Skip Marley]

Give you everything I am, my goals  
My plans for you I'd risk it all, oh  
Give you everything I am, just take my hand  
With you I have it all  
Give you all I have, give you all I-

Give you all in me, give you all I-  
Give you all I have, give you all I-  
Give you all of me, give you all I-  
Give you everything I am, my goals, my plans for you I'd risk it all, oh  
Give you everything I am, just take my hand, with you I'd have it all

[Outro: Zhavia Ward & Skip Marley]

I give you all, all I am  
I'd risk it all, for you I am, 'cause  
You're a blessing to my world  
I give you all, all I am  
I'd risk it all, for you I am, 'cause  
You're a blessing to my world
