

# Smoke

Sam Fischer

[Verse 1]

Mama, sit down let me tell you some'  
I know that you worry about me  
Mama, I won't give you the runaround  
So let me put your mind at ease  
These streets, they lead me  
To the green peace, that free speech

[Chorus]

So I smoke to remind me that I won't ever get to see this day again  
'Cause nobody's getting younger  
So I smoke 'cause she laughs at all my jokes when we're higher than we've ever been  
Going silent as we wonder what's it all for if it isn't for now?  
Open the doors and let it all out  
So I smoke, yeah yeah I smoke  
Yeah yeah I smoke

[Verse 2]

Mama, come over here and take a hit  
I know you been kinda stressed  
Three kids, Lord knows you been through some shit  
You deserve a little rest  
So breathe deep, take it slowly  
And you'll see why this works for me

[Chorus]

And I smoke to remind me that I won't ever get to see this day again  
'Cause nobody's getting younger  
So I smoke 'cause she laughs at all my jokes when we're higher than we've ever been  
Going silent as we wonder what's it all for if it isn't for now?  
Open the doors and let it all out  
So I smoke, yeah yeah I smoke  
Yeah yeah we smoke  
Yeah yeah we smoke  
Yeah yeah yeah

[Bridge]

Breathe deep, take it slowly  
And you'll see why this works for me

[Chorus]

And I smoke to remind me that I won't ever get to see this day again  
'Cause nobody's getting younger  
So I smoke 'cause she laughs at all my jokes when we're higher than we've ever been  
Going silent as we wonder what's it all for if it isn't for now?  
Open the doors and let it all out  
So I smoke, yeah yeah I smoke  
Yeah yeah we smoke  
Yeah yeah we smoke  
Yeah yeah yeah
