

# Protons, Neutrons, Electrons

## The Cat Empire

[Harry]

I've done too much of some things  
And not enough of others  
Just like whole life lovers

I've changed and changed  
And changed and changed  
From one thing to another

I've had complicated dealings  
With complicated feelings  
And I've cut and bruised and torn  
I made blinds  
On the windows of my mind  
With the time that my back once wore

I'm a single person in this universe  
And I am here to say to you

On the day that I die  
I'll just give a smile  
And fly into the blue  
Cause we're all just-

[Chorus]

Protons, Neutrons, Electrons  
That rest on a Sunday  
Work on a Monday  
And someday soon  
We'll be singing the old tunes  
Zip-a-dee-doo-dah, Zip-a-dee-doo  
I'll be sitting on the porch with you  
Then I'll die and I'll fly off  
Into the blue

[Harry]

Some night I see the world  
With its winds and its whirls  
And I feel undefeated  
(feel undefeated)  
But every day I see the girl  
With the strawberry curl  
And I'm too shy to meet her

(too shy to meet her)

Some nights I go to bed  
There's a ghost in the air above my head  
And I tremble  
(head and i tremble)

Sometimes I eat KFC  
Other times I give up meat  
And I just eat lentils  
(just eat lentils)

I'm a single soul on this big blue ball  
And I am here to sing a song

About the day that I was born  
'Till the day that I'll be gone  
And the song won't last for long  
Cause we're all just

[Chorus]  
Protons, Neutrons, Electrons  
That rest on a Sunday  
Work on a Monday  
And someday soon  
We'll be singing the old tunes  
Zip-a-dee-doo-dah, Zip-a-dee-doo  
I'll be sitting on the porch with you  
Then I'll die and I'll fly off  
Into the blue

[Harry]  
And enemy is a remedy  
To a malady in your melody  
If you're strong not brittle

When a friend is a friend  
Is a friend to the end  
And it's AH so simple

A man is a man  
And a woman is a woman  
But the times we are living in demand

That a man can change  
From a man to a woman  
And a woman can demand to be a man

We're just flesh with socks and locks and frocks  
And I am here to say to you

On the day that I die  
I'll just give a smile  
And fly into the blue  
Cause we're all just

[Chorus]

Protons, Neutrons, Electrons  
That rest on a Sunday  
Work on a Monday  
And someday soon  
We'll be singing the old tunes  
Zip-a-dee-doo-dah, Zip-a-dee-doo  
I'll be sitting on the porch with you  
Then I'll die and I'll fly off  
Into the blue

Protons, Neutrons, Electrons  
That rest on a Sunday  
Work on a Monday  
And someday soon  
We'll be singing the old tunes  
Zip-a-dee-doo-dah, Zip-a-dee-doo  
I'll be sitting on the porch with you  
Then I'll die and I'll fly off  
Into the blue
