

Fall into the Night

Alle Farben

Turn the lights on Turn the lights on As we fall into the night Keep your eyes shut Make your
night start Dance into the sound of life Fall into Fall into the night Fall into the night Fall into Fall
into the night Fall into the night Turn the lights on Turn the lights on As we fall into the
night Keep your eyes shut Make your night start Dance into the sound of life Fall into Fall into the
night Fall into the night Fall into Fall into the night Fall into the night Turn the lights on Turn the
lights on As we fall into the night Keep your eyes shut Make your night start Dance into the sound
of life Fall into Fall into the night Fall into the night Fall into Fall into the night Fall into the night
