

# All Aboard (feat. Lil Wayne)

## Romeo Santos

Hey... Escucha las palabras de Romeo  
You need this in your life (yeah) ven aquí I ain't gonna give you instructions  
You just gotta follow my lead  
Your body's making sounds like percussion  
I'm orchestrating your fantasies And when you wake up feeling like a dream  
You ain't gon' believe it...  
And everything u need...  
Girl you're gon' receive it tonight  
And I know your condition  
I'ma make you feel alive  
Relax and feel the ride  
So act like it's the last time  
The last chance for you to go there  
There's one ticket left  
And girl it's for you baby  
The last ride,  
Girl you won't find this feeling nowhere  
You better hurry 'cause the train is leaving All aboard Come on... montate mami  
I ain't using words as persuasion  
I don't got a reason to speak  
It's always a special occasion  
Every time you're laying with me  
And when you wake up feeling like a dream  
You ain't gon' believe it...  
And everything u need...  
Girl you're gonna receive it tonight  
And I know your condition  
I'ma make you feel alive  
Relax and feel the ride So act like it's the last time  
The last chance for you to go there  
There's one ticket left  
And girl it's for you baby  
The last grind, girl you won't  
Find this feeling nowhere  
You better hurry cause the train is leaving All aboard She want to ride that wayne train  
So I'ma bag her like baggage claim  
We smoke that mary not plain jane  
And everything is just fine  
I keep a picture of her smile  
In the back of my mind  
I grab the back of her head  
She throw it back like rewind I put her face in the pillow

Taste it a little  
Shawty said she feels like  
She sitting on a missile I say 5, 4, 3, 2  
The 1 can only be you  
Shorty said oh lord I'm coming  
I say me too  
My love has no equal,  
Get on top  
And if you ride this train  
Get off at your stop This is the last time  
The last chance for you to go there  
There's one ticket left  
And girl it's for you baby  
The last ride girl you wont find this feeling nowhere  
You better hurry 'cause the train is leaving
