

Freefall (feat. Durand Bernarr)

KAYTRANADA

[Durand Bernarr:]

I just wanna let go, freefall

I don't wanna not trust no one

I just wanna let go, freefall

Catch me, baby, here I come (Oh)

Catch me, baby, here I come (Oh)

Catch me, baby, here I come (Oh)

Oh-oh, catch me baby, here I come

Catch me, catch me

Catch me, catch me

Catch me, catch me

Catch me, catch me

Here I go, take a chance

There's no more walls, arms wide open

No disguise, I'm too transparent

In my eyes, you see my lesson

I just wanna let go, freefall

(Just want to freefall)

I don't wanna not trust no one

(Not trust no one, alright)

I just wanna let go, freefall

(I just wanna free, yeah)

Catch me, baby, here I come (Oh)

Catch me, baby, here I come (Oh)

Catch me, baby, here I come (Oh)

Oh-oh, catch me baby, here I come

Taking my time

Trying something different

The choice is mine

And I choose to let you in (Ooh, babe)

I just gotta get used to it (Ooh, babe)

Then I'm gonna feel what love is

I just wanna let go, freefall

(I just wanna freefall, oh)

I don't wanna not trust no one

I just wanna let go, freefall

(I just wanna free, yeah, yeah)

Catch me, baby, here I come (Catch me)

Catch me, baby, here I come (Catch me, catch me)

Catch me, baby, here I come (Catch me, catch me)

Oh-oh, catch me baby, here I come

(Oh-oh)

(Oh-oh)

(Oh-oh)
