## Majid Jordan

(black cloud over my head)  
(black cloud over my head)  
Black cloud over my bed  
It's no use trying to pretend  
I'm losing myself again  
I'm not feeling 100%  
Been thinkin' 'bout what you said  
Starin' at the beasts with deep blood red  
All those things they did  
It's you I tried to protect  
I'm hoping  
I'm not the only one that keeps recallin'  
All those memories that used to happen so often  
Look at me, look at me  
I'm still, I'm still searching for you, for you  
I cared for you (when no one did)  
I swear to you (when no one did)  
I dared for you (when no one did)  
I swear to you (I still do)  
Black cloud over my head  
I'm through trying to pretend  
Wishing I could call you again  
Please answer when you see my name  
I'm thinking 'bout what you said  
Starin' at the beast with teeth blood red  
Knowing no one else will stand  
A couple hundred people caught up in the past  
I'm hoping  
I'm not the only one that keeps recalling  
I've got those days in my mind so very often  
Look at me, look at me  
I'm still (I'm still) searching for you (for you, for you, for you)  
You (for you)  
I cared for you (when no one did)  
I swear to you (when no one did)  
I dared for you (when no one did)  
I swear to you (I still do)  
Broken connections, resurrections  
For you, for you  
Broken connections, resurections  
For you, for you  
I'm hopin'

I'm not the only one that keeps recalling  
All those memories that used to happen so often  
Look at me, look at me  
I'm still (I'm still) searching, for you (for you, for you, for you)  
You (for you)  
I cared for you (when no one did)  
I swear to you (when no one did)  
I dared for you (when no one did)  
I swear to you (I still do)  
I still do, I still do (I still)  
I still do, (I still) I still do  
(I still) I still do, yeah I still do yeah  
I still do
