

# It Don't Matter to the Sun

Rosie Thomas

It don't matter to the sun  
If you go or if you stay  
No, the sun is gonna rise, gonna rise  
Shine down on another day  
There will be tomorrow  
Even if you choose to leave  
Cuz it don't matter to the sun no, no  
It matters to me  
It ain't gonna stop the world  
If you walk out that door  
This old world just keeps spinning round, spinning round  
Like it did the day before  
Cuz to them it makes no difference  
It just keeps on keeping time  
Cuz it ain't gonna stop the world no  
But it'll be the end of mine So what can I say?  
What can I do?  
I'm still in love.  
Why aren't you?  
Cuz it don't matter to the moon  
If your not in my life  
No the moon will just keep hanging round, hanging round  
Like its just another night  
Who find another place to shine  
On some other lovers dreams  
Cuz it don't matter to the moon no, no  
It matters to me Cuz it don't matter to the moon no, no  
But it matters to me
