

Levi High (feat. DaBaby)

DaniLeigh

Yeah
Day-daytrip took it to ten, yeah Levi high jeans, sittin' right, keep that ass up
It's a 'Gram flex, basic hoes gettin' gassed up
Niggas in my face, boy bye, nigga back up
I'm a city girl, it's only that I act up
Yeah, hmm, it's the way I act up
Drink my water and my fruits, so everything be snatched up
Gettin' rich for dummies, you should really get your cash up
Ask me if I give a fuck, I wouldn't give my last fuck
Yeah (Yeah, yeah)
Let's go
Wouldn't give my last fuck Let's call this a blue check, I just pulled with my new fling (Yeah)
She love to call me bae,
Gotta up the net, like why you do that? (Let's go)
I know how to make niggas mad, we hop out the swag
Bitch I got the bag
She on them jeans that sit high on the waist
I could throw a bag for it, when I'm grabbin' her ass
Yeah you know how I do, I done found a new bae
My new boo take like two or three showers a day
I'm still cool if I lose all my followers today
'Fore I knew about music, I found me a plate
I told her to sneak my lil' gun in the club
Flirt with the security, I like you bae
You got them
Levi high jeans, sittin' right, keep that ass up (Uh)
It's a 'Gram flex, basic hoes gettin' gassed up (Why?)
Niggas in my face, boy bye, nigga back up
I'm a city girl, it's only that I act up (Let's go, yeah)
Yeah, hmm, it's the way I act up (Ah)
Drink my water and my fruits, so everything be snatched up (Okay)
Gettin' rich for dummies, you should really get your cash up
Ask me if I give a fuck, I wouldn't give my last fuck Hmm, hmm
No I ain't like you, know who I am
I'm who I am, make you a fan
I'm up you not, that's where we stand
No AP watch, my wrist don't glam
No rainbow diamonds too [?]
Don't want your nigga, come get your man
Don't want your nigga, come get your man Levi high jeans, sittin' right, keep that ass up
It's a 'Gram flex, basic hoes gettin' gassed up
Niggas in my face, boy bye, nigga back up

I'm a city girl, it's only that I act up (Let's go)
Yeah, hmm, it's the way I act up
Drink my water and my fruits, so everything be snatched up
Gettin' rich for dummies, you should really get your cash up
Ask me if I give a fuck, I wouldn't give my last fuck Day-daytrip took it to ten, yeah
Would-wouldn't even give you my last fuck-fuck
Ah-ah-ah
