

Calling You

Kat Deluna

I'm feelin' like I got the world in the palm of my hand,
It's like I'm with you and nobody else is here, yeah.
Me and you in here together, a perfect effect.
Just come a little closer oh oh oh yeah yeah Oh, talk to me and feel the music.
Bring yourself tonight,
Oh, just do whatcha want, whatcha want like nobody's watchin'
Do whatcha want, whatcha want keep the party rockin'
What, what, what keep it up, like nobody's watchin' you,
Oh yeah ohh,
The rhythm's calling you, oo, come and ohh
The rhythm's calling you.
I can't seem to get this curiosity out of my head,
cause when I'm next to you make me wanna take you, man
Whatever you need you can find in me, boy touch me there.
Chemistry is flowing keep it going and it ain't gonna stop ah ah there. Oh talk to me and feel the
music.
Bring yourself tonight,
Oh, just do whatcha want, whatcha want like nobody's watchin'
Do whatcha want, whatcha want keep the party rockin'
What, what, what keep it up, like nobody's watchin' you,
Oh yeah ohh,
The rhythm's calling you, oo, come and ohh
The rhythm's calling you. (calling you, calling you, calling you, calling you, calling you, calling
you, calling you, calling you, calling you, calling you, calling you, calling you, calling you,
calling you, calling you, calling you, calling you) The rhythm's calling you, eh eh eh eh (x4)
Oh, just do whatcha want, whatcha want like nobody's watchin'
Do whatcha want, whatcha want keep the party rockin'
What, what, what keep it up, like nobody's watchin' you,
Oh yeah ohh,
The rhythm's calling you, oo, come and ohh
The rhythms' calling you. (x2) (calling you, calling you, calling you, calling you, calling you,
calling you, calling you, calling you, calling you, calling you)
