## La Di Da

## **Lennon Stella**

Some things don't sit right

This close to midnight

You're someone else in this light

Ooh, ooh, ooh

Stand in the kitchen

Attempting to fix this

So I try to listen to you, you, youBut you're gonna say something you don't mean

So just before you take it too far

I'll hold my ears

Say la da da di da

Your empty words made for hurting me

So just before you take it too far

I'll hold my ears

Say la da da di da

Hold my ears

Say la da da di daIt's just like you

To take me down with you

Feed off each other's issues

Ooh, ooh, oohBoth know there's no use

Talking 'bout what I owe you

I want back the old you,

Ooh, ooh, ooh

But you're gonna say something you don't mean

So just before you take it too far

I'll hold my ears

Say la da da di daYour empty words made for hurting me

So just before you take it too far

I'll hold my ears

Say la da da di daLa da da di da

La da da di da

Hold my ears

Say la da da di daBusy doing damage

Instead of repairing you and I Then you go and take advantage From me and I can't stand it

Every timeBut you're gonna say something you don't mean

So just before you take it too far

I'll hold my ears

Say la da da di da

Your empty words made for hurting me

So just before you take it too far

I'll hold my ears

Say la da da di daLa da da di da

La da da di da

Hold my ears

Say la da da di daLa da da di da

La da da di da

Hold my ears

Say la da da di da
