

Keep the Family Close

Drake

It's a little chilly out there
How you can stand there is beyond me
All of my "let's just be friends" are friends I don't have
anymore
How do you not check on me when things go wrong
Guess I should've tried to keep my family closer
Much closer
All of my "let's just be friends" are friends I don't have anymore
Guess that's what they say you need family for
Cause I can't depend on you anymore
Always saw you for what you could've been
Ever since you met me
Like when Chrysler made that one car that looked just like the Bentley
I always saw you for what you could've been
And even when it's business with you it's personal again
I knew you before you made ends meet now were meeting our ends
And its all because you chose a side
You're supposed to put your pride aside and ride for me
Guess it wasn't time
And of course you went and chose a side that wasn't mine
You're so predictable I hate people
like you
Kennedy Road taught me not to trust people like you
How you supposed to figure what I'm going through
You can't even figure out what's going on with you
You judge 'fore you met me yeah it figures
I make all the player's anthems for the real niggas
With my dad out in Tennessee is where I belong
Out here in L.A. I don't know what's going on
I don't know what's going on
And its all because you chose a side
You're supposed to put your pride aside and ride for me
Guess it wasn't time
And of course you went and chose a side that wasn't mine
You sit and you pray hoping that the stars align
My luck is a sure thing cause I'm living right
When I needed you, you couldn't give me any advice
But you always had something to say every other time
Everybody that I met on the way tries to get in the way
I'm fooding and serving them all like I'm working for minimum wage
Someone up there must just love testing my patience
Someone up there must be in need of some entertainment
Forgiveness for your ways
If I ever loved ya, I'll always love ya that's how I was raised
Same way I'm right here still feeling the wave
Same way I'm realizing on a day to day
All of my "let's just be friends" are friends I don't have

anymore
How do you not check on me when things go wrong
Guess I should've tried to keep my family closer
Much closer
All of my "let's just be friends" are friends I don't have anymore
Guess that's what they say you need family for
Cause I can't depend on you anymore
Much closerAnytime people want to start problems
For real are you done
You know who mans are
I'm not afraid no gyal heart man
And I'm not afraid of no catty
And I'm not afraid of no waste neither
So anybody who want it can get it
Its that fact
