

High Again

Hoodie Allen

[Hook: x2]

All I want to do
Is sit and wait for you

[Verse 1:]

Are you movin' ahead
Am I fallin' behind
Fuck it, probably either way, it's probably all in my
mind
You got all that you want
I got nothin' but time
Honestly all we want is somebody to grind with
In a junior high prom, probably regrettin' my haircut
And the color of my tie, let's photoshop it and
airbrush
As long as the girl with me is more fly than air miles
I'm a be a happy camper with nothin' to care about
Damn, well put, that's the way it goes
I know you say that you love him, but that was days ago
I moved to London and tried to find me a Daisy Lowe
I mean it can't be that hard to find a crazy hoe

She high up on the Macy floor, I'm flowin' in my fast
car

You want to watch the world end in my backyard

We go in circles, that's NASCAR

[Hook:]

Only you get me high, high, high

High again

Leavin' your smell on my clothes

I think that I'm losin' my mind again

Baby, don't leave me alone

You get me high, high, high, high

[Hook]

[Verse 2:]

Are you goin' with him, am I takin' you home

Fuck it, probably either way, I end up alone

You got all that you want, I got nothin' to show

Honestly all we want is somebody to bone, so

Can I get your phone number, your credit card, and your
passport

You gave me this crude face like why did I ask for it

My plane to the UK, but I didn't pack for it

If this is a layup, then where is the backboard

A sinful investigation is makin' me unretired
I'm with you, I'm suffocating, my lungs are like
fuckin' fire
There isn't an explanation you wouldn't try to get me
high

[Hook]

Nobody's gonna keep me down
(You get me high again)
My feet are floatin' off the ground
(You get me high again)
And every time that you're around
I'll be down to stay by your side
Only you can get me this high

[Hook]
