

# Car Sick (feat. NAV & Metro Boomin)

Gunna

If Young Metro don't trust you, I'm gon' shoot you  
Metro I count the cash through the week  
On a Tesla, I can't go to sleep  
I covered her body with C's  
I'm copping this drip overseas  
I like when she get on her knees  
I'm rocking these VLONE jeans  
I need me a fat ass to squeeze  
I promise I look like a king  
I told you we all 'bout the cream  
My bag is a hundred or more  
I got this cash off of shows  
Left the Jag and I hopped in the Rolls  
Ain't rockin' no SI2  
My diamonds VVS  
Ain't driving no CRV  
My coupe is a GT-S  
All the hard times gave me strength  
So I can carry this money to the bank  
Nobody helped me, there's no one to thank  
Now they watching the picture I paint  
My plug always make sure I'm straight  
Not every superhero got a cape  
Smoking on Backwoods bad for me  
But I don't want to smoke on a vape (yeah)  
I ain't healthy, but my pockets they in shape (yeah)  
Fucking all these hoes, I'm touring state to state (state to state)  
Laying by the pool, your girlfriend feeding me grapes
