

# Sometimes

## No Doubt

Sometimes sunshine  
Does not want to shine on me  
And sometimes i find myself blind  
At first i cannot see  
And then i see it's me  
I chose a road when i was young  
In search of fun temptation won  
And all my soul i did surrender  
If i had a chance to go back now  
Would i redeem my moral vows  
Or would i repeat for my own laughter  
Sometimes i hide somewhat  
Like a bulb behind a shade  
And sometimes i ask myself why  
Is it cause the lights are too bright  
Or because my eyes are closed too tight  
Sometimes i find myself blind  
Don't use my brain don't use my mind  
Distorted feelings always leading my way  
But i must forgive myself  
And let the past lay down to rest  
And i'll be prepared to face myself in another day, hey!  
From now on i will behave  
But in the back of my mind i will be enslaved  
From now on i will behave  
But in the back of my mind i will be enslaved  
Sometimes sunshine  
Does not  
Want to shine on me  
And sometimes, sometimes  
I get lost  
I get lo-ost  
I chose a road when i was young  
In search of fun temptation won  
And all my soul i did surrender  
If i had a chance to go back now  
Would i redeem my moral vows  
Or would i repeat for my own laughter  
From now on i will behave  
But in the back of my mind i will be enslaved  
From now on i will behave  
But in the back of my mind i will be enslaved  
From now on, hey hey hey yeah,

From now on, oh hey hey  
From now on i will behave  
But in the back of my mind i will be enslaved  
Sometimes i find myself blind  
Don't use my brain don't use my mind  
Distorted feelings always leading my way  
But i must forgive myself  
And let the past lay down to rest  
And i'll be prepared  
To face myself in another day, hey!  
From now on i will behave  
But in the back of my mind i will be enslaved, i mean it  
From now on i will behave  
But in the back of my mind i will be enslaved, woah! From now on  
From now on! hoh  
From now on, yeah-heah  
Woo-hoo, wo-hoo  
?  
The back of my mind, the back of my mind  
Will be enslaved, yeah  
From now on, oo hey yeah  
From now on, hoo, i mean it, i mean it  
From now on i will behave, i will behave  
But in the back of my mind i will be ensla-a-aved
