

You're Not In Kansas Anymore

Jo Dee Messina

[Verse 1]

He said I grew up in Wichita in a Mayberry kinda town
He never liked overalls or hauling hay til sundown
He said he dreamed about L.A. as he plowed away the day on an old John Deere
I said boy let me warn ya, in southern California there's some fast trains there

[Chorus]

You're not in Kansas anymore
Can't be too careful that's for sure
City lights will lead you on
Morning comes and they'll be gone
So write my number on your wall
Call me anytime at all
I'm so happy now, boy
You're not in Kansas anymore

[Verse 2]

He said "Do you know where Carson lives?" So we drove up to Malibu
Cruising down sunset strip, oh, I let him steal a kiss or two
Under the Hollywood sign, I tried to hide a smile as I whispered low
"I wanna be the first to tell ya: Here we say Rodeo not rodeo"

[Chorus]

You're not in Kansas anymore
Can't be too careful that's for sure
City lights will lead you on
Morning comes and they'll be gone
So write my number on your wall
Call me anytime at all
I'm so happy now, boy
You're not in Kansas anymore
