

Triangle

Nadia Ali

Jack loves Jane but Jane loves Joe

But how could she ever let Jack go

It's obvious everyone can see

The trouble with this trilogy

Hearts don't come...

In sets of three So what do they do now?

There's only one way to find out

It's time to pick your prize and

It better be right, it better be right

This triangle has

To untangle

Got to let it go

This triangle is

Too much to handle

Got to let it go

Jane loves Joe, but Joe's with Jill

But Jane wants to be with Joe still

It's bad enough it breaks Jack's heart

It's tearing their whole world apart

But how do you stop

When it's gone so far
