

I Need You

Jelly Roll

Father, forgive me
For I know I have sinned
Close my eyes and I pray
'Cause I feel the skies fallin' on me
(Feel the skies fallin' on me)
And the walls cavin' in
And I feel like I just cannot breathe
(Like I just cannot breathe) And I feel like (feel like)
I may lose my mind (mind)
This is real life (real life)
Can anyone hear my cries? (Cries)
Will you forgive me? (Will you forgive me?)
I can't shake this depression
And I'm always stressin'
And nobody feels me
Baby, I need you (baby, I need you)
Oh, baby, I need you (baby, I need you)
No more bargainin'
Back-and-forth arguing's
What we agreed to
If I fall out into space,
Will my problems finally fade?
I need you I keep rollin' and smokin'
And blowin' to deal with these problems
(To deal with these problems)
I keep drinkin' and poppin' these pills
But it never resolves them
(It never resolves them) And I feel like (feel like)
It's my time to blow (blow)
This is real life (real life)
I'm 'bout to explode (explode)
Will you forgive me? (Will you forgive me?)
I can't shake this depression
And I'm always stressin'
And nobody feels me
Baby, I need you (baby, I need you)
Baby, I need you (baby, I need you)
No more bargainin'
Back-and-forth arguing's
What we agreed to
If I fall out into space,
Will my problems finally fade?
If I fall out into space,

Will my problems finally fade?
I need you
